B.Tech Information Technology | Maharaja Agrasen Institute of Technology (MAIT), New Delhi

New Delhi, India | keshavgupta1511@gmail.com | LinkedIn | GitHub | Portfolio

Education

Maharaja Agrasen Institute of Technology (MAIT), New Delhi

B.Tech – Information Technology

Shri Baba Mastnath School, Rohtak

Senior Secondary (Class XII)

CGPA: 8.5

2024 – 2028

Technical Skills

Languages: Java (Primary), C, C++, Python
Cloud & Data Engineering: Google Cloud Platform – Pub/Sub, Dataflow, BigQuery, Cloud Storage, Cloud Functions
AI / ML: LLM Integration, Prompt Engineering, Generative AI, Machine Learning (NPTEL – ongoing)
Tools & Practices: Git/GitHub, Open-Source Contribution, Cybersecurity Fundamentals

Internship Experience

AI & Data Engineering Summer Intern – Shorthills AI, Gurugram

Summer 2026

- Building an **Agentic Web Scraper** using Python, FastAPI, Playwright, and BeautifulSoup, orchestrated by multi-agent LLM workflows (Google ADK, MCP) that navigate, crawl, and extract structured data from any website based on a natural-language prompt.
- Designed a generalized navigation-crawling-extraction agent pipeline that removes the need for site-specific scraping logic, exporting results to Excel via Pandas/OpenPyXL, and integrated OpenRouter LLMs to improve retrieval accuracy.
- Contributed to core data engineering tasks – collecting, cleaning, and structuring data to feed downstream AI/LLM systems in a production workflow.

Projects

DeepQuery – Wikipedia RAG Chatbot

Personal Project

- Built an AI-powered chatbot that live-scrapes Wikipedia articles (with typo-tolerant topic resolution) and answers questions with context-aware, retrieval-augmented responses.
- Engineered a hybrid retrieval index combining BM25 and vector embeddings (MiniLM) with cross-encoder reranking, feeding top-ranked chunks to an LLM (Grok Llama-3.3-70B/Gemma2/Mixtral, with OpenRouter fallback on rate limits).
- Implemented fuzzy-matched, confidence-scored image attachment and deployed a Flask backend on Hugging Face Spaces with a persistent-history chat frontend.

Nursing Handoff System using LLM

Makeathon 8, Feb 2026

- Engineered an AI-powered clinical handoff tool at a 24-hour offline hackathon organized by Microsoft Learn Student Chapter, TIET Patiala, among 100+ participating teams.
- Applied Large Language Models to automate and standardize shift-handoff reports, reducing manual documentation errors and improving patient-safety continuity.
- Architected an end-to-end pipeline covering data input, LLM-based summarization, and structured report generation.

Friday – AI Voice Assistant

Personal Project

- Developed a voice-controlled AI assistant in Python powered by Ollama for fully local LLM inference, with real-time internet search and autonomous browser control.
- Designed a JARVIS-style animated 3D HUD interface using CustomTkinter for an immersive user experience.

Experience & Leadership

Campus Ambassador – Entrepreneurship Development Cell (eDC), IIT Delhi

Dec 2025 – Feb 2026

- Ranked among the top-performing Campus Ambassadors for BECon '26, the Annual Business & Entrepreneurship Conclave of EDC IIT Delhi.
- Drove measurable social media growth and increased event footfall through targeted outreach and strategic networking.
- Recognized with a Letter of Recommendation from Overall Coordinator Tanmay Sharma, EDC IIT Delhi.

Open Source Contributor – GirlScript Summer of Code (GSSoC 2026)

May 2026 – Aug 2026

- Selected as a Contributor from a pool of 35,000+ applicants nationwide for GSSoC 2026, a national-level open-source program.
- Contributing to real-world open-source repositories under the Open Source Track, collaborating with mentors and a distributed developer community.

Certifications & Achievements

Certificate	Issuing Body	Date
Gen AI Academy 2.0 – Data Track Completion	Google Cloud & Hack2Skill	Dec 2025
Campus Ambassador – BECon '26 (Participation + LOR)	EDC, IIT Delhi	Feb 2026
Open Source Contributor – GSSoC 2026	GirlScript Summer of Code	May 2026
Cyber Security Program	1stop.ai × Alcheringa, IIT Guwahati	Mar 2025
Makeathon 8 – 24hr Hackathon (Participation Certified)	MLSC, Thapar Institute (TIET) × Unstop	Feb 2026
NDTV Gadgets 360 Awards – College Representative	NDTV Gadgets 360	2025–26
JEE Mains – 94.3 Percentile	National Testing Agency (NTA)	2024
